

Making a new plan for your Passport funding

In the winter, you made a plan about how you wanted to spend your Passport funding this year.

You thought about:

- what skills you wanted to learn
- new activities you wanted to try

You made a plan to use your Passport funding to do these things. Your support staff at Christian Horizons helped you to make that plan.

Then COVID-19 happened. It changed all our lives.

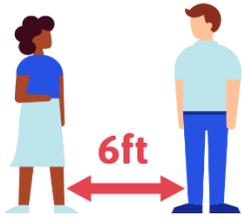

- Now you have to stay home
- Many activities are cancelled
- And sometimes you have to wear a mask to protect others

With all the changes, you need a new plan.

We want to support you to make that plan.

The new plan will follow the government rules for COVID-19. Things like:

- Staying at home
- Not gathering in large groups of people
- Wearing masks when we go out

Even with these rules, there is still lots you can do.
Here are some ideas:

- Taking an online cooking class

- Learning about self-advocacy with a few other people online instead of at a big conference

- Getting active with:
 - scavenger hunts
 - a nature walk
 - in your own backyard

This all depends on your plan and what you want to do.

How will you make your new plan? You will:

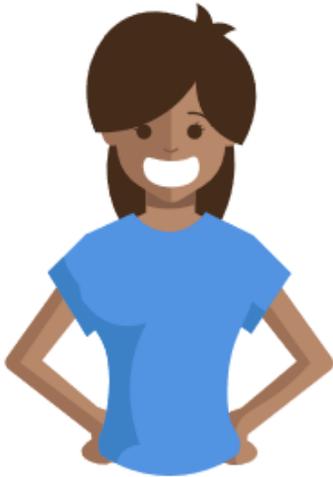

- Talk with your Program Manager, Team Lead, or support staff
- Think about Passport activities that you can do from home
- Make a list of activities that you want to do

Who can be a part of this meeting?

- It's your choice
- You can invite family or friends to the meeting
- They can join by phone or computer
- Or you can have this meeting on your own

Many people are at home a lot more right now.

- Work is cancelled
- Sports are cancelled
- Clubs are cancelled

Christian Horizons is there to support you while you are at home.

- In your new plan, you can tell your support staff how Christian Horizons can best support you while you are at home.
- When it is safe to do activities in the community again, you can update your plan to include those activities you want to do but cannot do now.

Even though COVID-19 has meant we have all had to miss out on some activities and time with family and friends, there are new opportunities and new ways of connecting that we can explore. Let's make a plan to do that.
